

Camp War Eagle School Field Trip Packages

Calling all Schools! Looking for a fun filled, and affordable, field trip for your students?

Camp War Eagle is proud to introduce our NEW School Field Trip Packages including The Camp War Eagle Day Excursion and The Camp War Eagle Overnight Adventure. Why Camp War Eagle you may ask? Camp is an environment that is meant for children! It is the perfect outdoor classroom that provides private meeting space for educational class time and plenty of recreational activities that can not only be fun, but will also allow students to challenge themselves while developing leadership qualities and a sense of accomplishment.

We understand that planning a field trip can be a daunting task. Plan your next school trip with ease by using our sample itinerary that will give you ideas and examples of a daily schedule including activities available. Our sample itinerary is set up so students have a balance of structured class time, in which teachers can use to stay on task with the current curriculum, and recreational activities. For example, use our hiking trails to teach students about the ecosystem and the importance of keeping the environment clean. Or teach the students about navigation by using GeoCache. The learning possibilities are endless!

We offer many different recreational activities that are included in our packages. One of the most popular activities is our High Elements Ropes Course that is equipped with our certified staff, and has three different levels of difficulty including a Zipline. We also offer mini-golf, fishing (equipment not provided), hiking trails, and sport related activities such as basketball, soccer, volleyball, dodge ball, Frisbee, and flag football. Camp War Eagle will supply mini golf equipment, basketballs, volleyballs, footballs, soccer balls, and Frisbees. All other necessary sports equipment will need to be supplied by the group.

Camp War Eagle strives to partner with NW Arkansas school districts in the effort to recruit campers for Camp War Eagle's summer program. By doing so, we are offering an incentive program to raise funds that can be applied to a field trip with us. For more details on our incentive program and how you could potentially earn \$10 per camper applicant or for more information on our School Field Trip Packages please contact us at 479.751.8899 or e-mail us at campwareagle@campwareagle.org.
